V8_Resource.zip - 11/7/06

Enhanced Version - 2006 (bug fixes, modifications and enhancements)

Update the V8_Resource directory to use the latest X30 Generation of Standard Files.

- See V8_Resource\X_30\Typicals\Version_History.pdf for criteria changes since 8/18/2006 (ver. 4)
- Substantial enhancements have been made to the .x30 criteria files and .ddb files. Some plan view elements may need to be re-set using the D&C Manager and the new version of .ddb files. For more information see http://www.wfl.fhwa.dot.gov/design/cadd/idiot2004/8_8_criteria_enhancements.htm
- D&C Manager Adhoc Attribute Help file is available with Geopak 08.08.02.07 and later versions. See the project configuration files (*.pcf) for new configuration variables.

V8_Resource.zip - 12/8/06

Updated Version

Updated File:

V8_Resource\X_30\Standards\Standards\Library_Files\FLH_Combined.dgnlib

Updated Directories:

V8_Resource\X_30\Standards\DDBS

V8_Resource\X_30\Typicals

V8_Resource\Project_Configurations (configuration variables added for Geopak 08.08.)

V8_Resource.zip - 1/10/07

Updated Version

Updated Files:

V8_Resource\X_30\Typicals\English\slopes.x30

V8_Resource\X_30\Standards\SMD\smrowV8-k2006.smd

V8_Resource\X_30\Standards\Input_Files\V8_EARTHWORK_CFL.inp

V8_Resource.zip - 2/05/07

Updated Version

Updated Directories:

V8_Resource\X_30\Standards\DDBS

V8_Resource\X_30\Typicals

V8_Resource\X_30\Standards\Library_Files

V8_Resource.zip - 9/27/07

Enhanced Version - 2007 (bug fixes, modifications and enhancements)

Update the V8_Resource directory to use the latest X30 Generation of Standard Files.

- See V8_Resource\X_30\Typicals\Version_History.pdf for criteria changes
- Enhancements have been made to the .x30 criteria files and .ddb files. All Wall plan view elements will need to be re-set or appended using the D&C Manager and the new version of .ddb files.
- D&C Manager Adhoc Attribute Help file and .Wri documents have been updated to reflect the enhancements.
