

QUESTIONS AND ANSWERS DURING BIDDING FOR CA PFH 112-1(1), SOUTH FORK SMITH RIVER

November 4, 2008

Q1 - If schedule C is awarded and the Notice to Proceed is issued by February 2, 2009 what will the Final Completion Date be?

A1 - You will be bidding the time portion (the "B" portion of A+B) so the final completion date is up to you.

Q2 - If schedule B is awarded and the Notice to Proceed is issued by February 2, 2009 what will the Final Completion Date be?

A2 - You will be bidding the time portion (the "B" portion of A+B) so the final completion date is up to you.

Q3 - Page E-34 (Third paragraph, last sentence) states "**All work shall be completed no later than November 3, 2009.**" Is this completion date correct for all Schedules in the project?

A3 - There is an error in this date. The date should read November 3, **2010**. This date was arrived by adding the maximum allowed number of days for all three schedules to the anticipated Notice to Proceed date. The final completion date for all schedules can be no later than this date, but can be earlier depending on your bidding of time (the "B" portion of A+B) for each Schedule. A subsequent amendment will be going out to correct this date.
