

HYAMPOM ROAD PROJECT

California Forest Highway 114, Hyampom Road
Shasta-Trinity National forest
Trinity County, California

UPDATE

Spring 2009

ROAD CLOSURES

Starting Monday, May 4, 2009 the contractor will resume full construction related activities on the Hyampom Road construction project

Roadway Closures: Similar to last summer expect 4-hr closures of the roadway in both the AM & PM Monday through Friday. See the back page for the closure schedule. Unlike last year the contractor plans to work on both Saturday and between the hours of 4 PM and 7 PM Monday through Friday in order to complete the work on schedule. Accordingly, please plan an additional 30-minutes into your anticipate travel time during these time periods. Currently no night time construction activity is scheduled.

Construction Activity: The contractor will be removing (grinding) the existing pavement to build the new road's subgrade in preparation of paving later in the summer. This is required since the new roadway will be higher or lower compared to the existing roadway at certain points. On May 4th the contractor plans to start the pavement grinding process at the beginning of the job (MP 10) and grind to halfway ridge (MP 13) leaving that portion of the existing roadway unpaved. As the subgrade is built the rest of the job will be ground out leaving a point during the summer prior to paving where all of the existing pavement surface will be removed and all traffic will be traveling on a compacted dirt surface. Throughout this process the contractor will be required to maintain the roadway surface to facilitate traffic passing through the job site; but the traveling public needs to be aware that they will not be driving on a paved surface for most of the summer/early fall until the pavement has been placed.

Construction Update: With a relatively dry winter the contractor was able to complete many of the retaining walls needed on this project to widen the roadway to two lanes. There are still some walls to be built as well as excavation into the slopes to widen the road throughout.

DAILY ROAD CLOSURE SCHEDULE

Monday through Friday	
7:30 AM – to 11:30 AM	CLOSED
11:30 AM	OPEN WESTBOUND
11:45 AM	OPEN EASTBOUND
12:00 PM – 12:30 PM	CLOSED
12:30 PM	OPEN WESTBOUND
12:45 PM	OPEN EASTBOUND
1:00 PM – 4:00 PM	CLOSED (EXCEPT THURSDAY)
SATURDAYS FROM 7:30 AM – 7:00 PM & WEEKDAYS FROM 4:00 PM – 7:00 PM (Including Thur. Afternoons from 1 PM to 7 PM)	30 MINUTE MAXIMUM DELAY, FLAGGERS AND/OR PILOT CAR
